October 26, 2014

Dear Mr Chandra Handa,

On behalf of Campus des Nations, I would like to thank you for the marvellous keynote lecture and workshops on gifted education, differentiation and creativity that you delivered for our teachers on the 17<sup>th</sup> of October.

It was an honour for us to listen to you and work with you on such important themes. The challenge now is for us to ensure that we build on the first steps you have taken with us and to monitor the development of genuinely collaborative, forward-looking and learner-centred practice.

We will all look back on the day with a sense of inspiration and magic. Your larger-than-life presence, powerful oratory and innovative approach to learning made all of us reflect deeply on our purpose as educators.

With kind regards and sincere admiration,
